

earmarks, I am submitting the following information regarding earmarks I received as part of the FY2010 Military Construction and Veterans Affairs Appropriations Act.

Requesting Member: Congressman ED WHITFIELD

Bill Number: H.R. 3082, the Military Construction and Veterans Affairs Appropriations Act of Fiscal Year 2010

Account: Army

Legal Name of Requesting Entity: Ft. Campbell, KY

Address of Requesting Entity: Fort Campbell, 39 Normandy Ave, Ft. Campbell, KY 42223

Description of Request: The money (\$900,000) will be used to construct a standard design Medium Physical Fitness Complex. The Physical Fitness Facility is composed of multipurpose physical training and equipment center. Sustainable Design and Development (SDD) and Energy Policy Act of 2005 (EPA05) features will be provided. An upgrade to an existing transformer station is required. Measures in accordance with the Department of Defense (DoD) Minimum Antiterrorism for Buildings standards will be provided. Access for individuals with disabilities will be available. Comprehensive building and furnishings related interior design services are required.

Requesting Member: Congressman ED WHITFIELD

Bill Number: H.R. 3082, the Military Construction and Veterans Affairs Appropriations Act of Fiscal Year 2010

Account: Army

Legal Name of Requesting Entity: Ft. Campbell, KY

Address of Requesting Entity: Fort Campbell, 39 Normandy Ave, Ft. Campbell, KY 42223

Description of Request: The money (\$14,400,000) will be used to construct a 1,200-seat (32,900 SF) chapel/family life multipurpose facility which includes a worship center, activity/fellowship center, chaplain family life and pastoral care center, resource center, multimedia center, multi-purpose education classrooms, kitchen, storage areas, restrooms, and circulation area.

HONORING THE LIFE AND ACCOMPLISHMENTS OF LLOYD FRANKLIN PITTS

HON. RALPH M. HALL

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 9, 2009

Mr. HALL of Texas. Madam Speaker, I rise today to honor the distinguished and productive life of independent oilman Lloyd Franklin Pitts, a dear friend who passed away in March at the age of 98.

Born on October 7, 1910 to Addie Mae Sandifer and John Loyd Pitts in Wesson, Mississippi, Frank graduated from Copiah-Lincoln Community College in Wesson, Mississippi in 1930, and attended Northwestern University in Evanston, Illinois. In 1935, he married Mary Martha McCann of Brookhaven, Mississippi. Married for 58 years, she was Frank's companion, confidante and "sweetheart." She died in 1993.

Recognized by his peers and the major trade organizations in the oil and gas industry

for his leadership over 68 years, Frank began his business career in Chicago with Nu-Enamel Paint Company. He lived in Europe from 1934–37, where he opened paint stores throughout the Continent. His close observation of the rise of fascism in Italy and Germany engendered an intense patriotism and appreciation for the American democratic way of life. At the age of 29, he was elected President of the International Company. Involved in politics from an early age, he was Chairman of Young Democrats for Roosevelt in 1932, and campaigned in seven states on his behalf for President. He maintained a keen interest in current affairs throughout his life.

Frank appreciated his business associates at Pitts Oil Company, where he was actively involved until recently. An independent oil and natural gas producer for almost seven decades, Frank participated in the drilling of more than 3,000 wells in exploration for oil and natural gas. For 12 years, he was Chief Executive Officer of an international geophysical company. Frank was actively involved in a wide range of industry associations and political action groups. He served two terms as President of Texas Independent Producers and Royalty Owners Association (TIPRO). He was a member of the National Petroleum Council, an advisory group to the Secretary of the Department of Energy, and served under every Secretary since the inception of the Department in 1977. He served on the Natural Gas Committee of the Independent Petroleum Association of America (IPAA). He was the 1978–1979 Chairman of the Industry Forum of the American Petroleum Institute. In 1984, Texas Governor Mark White appointed Frank to the Interstate Oil and Gas Compact Commission, an organization headed by the governors of 29 oil and gas producing states, and continuously served under appointment of all the subsequent Texas Governors. In 1988, he became one of the first independent oilmen to serve on the Board of Directors of Gas Research Institute in Chicago, where he served for 10 years. He served as a Trustee of the Southwest Research Institute from 1989 to 2003, and was a founding Trustee of the American Gas Foundation. In 1991, Frank was selected to become a member of All-American Wildcatters.

The many honors awarded him by industry associates include the Chief Roughneck Award presented at the IPAA Annual Meeting in 1979; the 2001 Pioneer of the Year Award presented by the Texas Railroad Commission; the 1993 IPAA Karney Cochran Award to honor a lifetime of distinguished service to community, industry, and country; the 1989 Texas Independent Producers and Royalty Owners' highest honor, the Mr. TIPRO Award; the 1998 Texas Oil & Gas Association's Distinguished Service Award; American Association of Petroleum Landmen's Distinguished Service Award and Special Award for Industry Leadership; and the 1996 Southwestern Legal Foundation's John Rogers Award. In 2006, the Interstate Oil and Gas Compact Commission presented him with the Warwick Downing Award, and on April 25th, Frank was honored with the 2009 Hero of Industry Award presented by the National Stripper Well Association. As a dynamic spokesman for the energy industry in the United States, he was a frequent expert witness and conferee in Washington with members of the Senate, the House of Representatives, and Executive leadership

concerned with oil and natural gas policy. Frank was also active with state government leaders in Austin. In 2003, the Texas Alliance of Energy Producers named Frank as a Legend Award recipient and he was recognized by Governor Rick Perry.

While he was an activist in his industry, Frank also made time for involvement in a significant number of community organizations. He helped found the Dallas Council on World Affairs (now the World Affairs Council of Dallas/Fort Worth) and served as Chairman of the Board and Chairman Emeritus. In 1994 he received the Council's H. Neil Mallon Award for Distinguished Civic Service. He also helped in the formation of the Dallas Opera, serving on various committees and remained a Trustee. He worked with the Baylor University Medical Foundation, serving as Chairman of the Board and a member of the Executive Committee. Frank was a member and past President of Park Cities Rotary Club, a member of Dallas Citizens Council and a lifetime Deacon of Park Cities Baptist Church, where he was a member for 60 years. Copiah-Lincoln Community College honored him as Alumnus of the Year in 1973, and again in 2003, with the Distinguished Alumni Leadership Award. At SMU, where he was a member of the Board of Advisors of the Maguire Energy Institute, he established four endowed Presidential Scholarships, a Scholars Fund and an endowed lecture series in oil and gas.

Known as "Papa" by his family, his wisdom, discipline, perseverance and judgment have been a source of inspiration and guidance in each of their lives. Lloyd is survived by his daughter, Linda, and her husband, William A. Custard, three grandchildren: W. Allen Custard III and his wife, Mason, Martha E. Custard, Laura Custard Hurt and her husband, G. Ellison Hurt III, and four great-grandchildren, all of Dallas; a brother, Troy N. Pitts of Wesson, Mississippi, a sister-in-law, Ida M. Olson of Alexandria, Virginia, a cousin, Dr. Charles L. Lloyd, Jr. and his wife, Sandy, of Dallas and numerous nieces, nephews and cousins. He was preceded in death by his beloved wife, Mary Martha, young son, Lloyd Franklin Pitts, Jr., his great-grandson, Elijah Christian Noel Hurt, and his brother, Shelby D. Pitts, of Dallas.

I count it an honor to have been friends with this great public servant and his wonderful family. What our world needs today are a few more Lloyd Franklin Pitts. Please join me as we honor his memory and celebrate his 98 years of life.

ENHANCING SMALL BUSINESS RESEARCH AND INNOVATION ACT OF 2009

SPEECH OF

HON. JOHN D. DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 8, 2009

The House in Committee of the Whole House on the State of the Union had under consideration the bill (H.R. 2965) to amend the Small Business Act with respect to the Small Business Innovation Research Program and the Small Business Technology Transfer Program, and for other purposes:

Mr. DINGELL. Mr. Chair, I rise today in support of H.R. 2965, the Enhancing Small Business Research and Innovation Act of 2009.

Since 1982 the Small Business Innovative Research (SBIR) and the Small Business Technology Transfer (STTR) programs have assisted thousands of innovative, cutting-edge small businesses in successfully getting their products to the marketplace.

The SBIR and STTR programs provide small businesses the ability to compete for federal funding, thus ensuring the best companies are getting their products to the market. Firms across all fields, from alternative energy and biotechnology to national defense, have benefited from the ability to get seed money from the government to fully develop and market their products and technology. The modest investments the government makes in these firms have provided tremendous rewards, allowing 1500 new companies each year to get off the ground. In my home state of Michigan, the SBIR/STTR programs have invested \$534 million, \$215 million of which Michigan has received since 2003. Overall, 450 Michigan companies have benefited from SBIR/STTR, including two thriving firms in Michigan's 15th Congressional District, Adaptive Materials and AI23Systems.

Not only does H.R. 2965 reauthorize the SBIR/STTR programs which are set to expire on July 31, 2009, it also modernizes them, placing an emphasis on commercialization, expanding access for minority-owned and rural business, and creating a more efficient and streamlined process for participating companies.

The SBIR program is designed so that technology-driven firms have the chance to advance their ideas, develop them, and ultimately commercialize their products. This legislation is critically important for companies in Michigan, and across the country, as it gives them the ability to continue to get their products to the market, especially at a time when the economy is so badly hurting. I urge all my colleagues to vote for this important legislation.

EARMARK DECLARATION

HON. DOUG LAMBORN

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 9, 2009

Mr. LAMBORN. Madam Speaker, pursuant to the Republican Leadership standards, I am submitting the following information regarding member requests I received as part of H.R. 3082, the Military Construction and Veterans Affairs Appropriations Act, 2010:

Requesting Member: Representative DOUG LAMBORN, CO-05

Bill Number: H.R. 3082

Account: MCAF

Legal Name of the Requesting Entity: Peterson Air Force Base

Legal Address of the Requesting Entity: Peterson Air Force Base, Colorado Springs, CO 80914

Description of the Request: Requesting \$7.2 million funding for the East Gate realignment at Peterson Air Force Base. This project demolishes the existing gate house and road system at the East Gate of Peterson AFB and constructs a new, realigned entry road, gate house, check stations, vehicle inspection buildings and anti-terrorism/force protection measures.

EARMARK DECLARATION

HON. JERRY MORAN

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 9, 2009

Mr. MORAN of Kansas. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding earmarks I received as part of H.R. 2997, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2010

Requesting Member: Congressman JERRY MORAN

Bill Number: H.R. 2997

Agency/Account: Animal and Plant Health Inspection Service, Salaries and Expenses

Legal Name of Requesting Entity: Kansas State University

Address of Requesting Entity: 110 Anderson Hall, Manhattan, KS 66506

Description of Project: I have secured \$259,000 for The National Agricultural Biosecurity Center (NABC) at Kansas State University. NABC was established to help protect the U.S. agricultural infrastructure and economy from endemic and emerging biological threats. Funding will be used for Phase III efforts for the development, enhancement, and delivery of a targeted National Animal Health Laboratories Network (NAHLN) technical training support program. The funding is required to: (1) build and populate a lessons learned/best practices from NAHLN lab exercises and events; (2) expand animal health diagnostic screening capabilities regionally, including endemic and emerging pathogens (viruses, bacteria, and parasites) as well as prions such as BSE; (3) increase the testing capability and capacity of the Kansas State Veterinary Diagnostic Laboratory (KSVDL) in support of the NAHLN mission by conducting research on new methodologies and standardized operating procedures for enhancing and improving the efficiency of NAHLN equipment and laboratories; and (4) develop a training strategy framework for NAHLN laboratories. I certify that neither I nor my spouse has any financial interest in this project.

Requesting Member: Congressman JERRY MORAN

Bill Number: H.R. 2997

Agency/Account: National Institute for Food and Agriculture/SRG

Legal Name of Requesting Entity: Kansas State University

Address of Requesting Entity: 110 Anderson Hall, Manhattan, KS, 66506

Description of Project: I have secured \$515,000 Great Plains Sorghum Improvement and Utilization Center. Kansas State University, along with Texas Tech University and Texas A&M University, initiated the GPSIUC in 2006. The focus of the center is on genetic improvement; production systems to enhance water and nutrient use; innovative strategies to provide improved weed control; utilization of sorghum in human food products, animal feed, and as a bioenergy and industrial feedstock; plus marketing and policy analysis in support of the U.S. sorghum industry. Sorghum seed companies are rapidly integrating new technology released by the GPSIUC into their seed offerings, with the first commercial hybrids expected to be available in 2011. Fund-

ing will be used for GPSIUC to expand existing research and educational programs, particularly in genetic improvement and sorghum utilization. I certify that neither I nor my spouse has any financial interest in this project.

Requesting Member: Congressman JERRY MORAN

Bill Number: H.R. 2997

Agency/Account: National Institute of Food and Agriculture/SRG

Legal Name of Requesting Entity: Kansas State University

Address of Requesting Entity: 110 Anderson Hall, Manhattan, KS, 66506

Description of Project: I have secured \$142,000 for Preharvest Food Safety and Security program. Kansas State University has an ongoing USDA special project on the ecology of E. coli O157:H7 in beef cattle and the environment. This bacterial organism is a major cause of food-borne illnesses in humans. Funding will be used to expand its investigations into (1) the ecology of Salmonella in beef cattle, (2) antimicrobial resistance in cattle, and (3) agroinformatics and animal health diagnostics. These four areas of research have great overlap and synergy and will allow Kansas State University to better identify emerging threats of food-borne and zoonotic diseases associated with food-producing animals. I certify that neither I nor my spouse has any financial interest in this project.

Requesting Member: Congressman JERRY MORAN

Bill Number: H.R. 2997

Agency/Account: National Institute of Food and Agriculture/SRG

Legal Name of Requesting Entity: Kansas State University

Address of Requesting Entity: 110 Anderson Hall, Manhattan, KS, 66506

Description of Project: I have secured \$69,000 to study water conservation in the Ogallala Region of Kansas. This effort is critical to the economic viability of western Kansas. In many parts of western Kansas, freshwater from both surface and groundwater is increasingly in short supply. Drought, aquifer and surface water depletion, and population shifts have stretched community and regional water supplies to their limits. As groundwater supplies decline or become cost prohibitive, better management of water through conservation, recycling, and treatment of poor quality water for use becomes even more important. Funding for this project will be used to help: (1) agricultural producers, both crop and livestock; (2) rural communities in water-short areas; and (3) state agencies to implement economical technologies and policies that will result in water conservation and prolonged life of the Ogallala aquifer in the face of increasing competition for declining aquifers and over allocated surface waters. I certify that neither I nor my spouse has any financial interest in this project.

Requesting Member: Congressman JERRY MORAN

Bill Number: H.R. 1105

Agency/Account: Cooperative State Research Education and Extension Service/SRG

Legal Name of Requesting Entity: Kansas State University

Address of Requesting Entity: 110 Anderson Hall, Manhattan, KS, 66506

Description of Project: I have secured \$240,000 for Wheat Genetic Research. Wheat
